

**Adam Adamopoulos (Ph. D.)** <sup>2</sup>, is Associate Professor of Medical Physics and Computational Medicine at the Department of Medicine of the Democritus University of Thrace based in Alexandroupolis, Greece.

He studied Physics at the University of Crete, in Heraklion, Crete, as well as Studies in European Culture at the Hellenic Open University.

He holds a PhD in Medical Physics on neural models and the biomagnetism of epilepsy at the Department of Medicine of the Democritus University of Thrace, Greece and a second PhD in Computational Intelligence and Artificial Life at the Department of Computer Engineering and Informatics of the University of Patras, Greece.

His research interests focus mainly on Medical Physics, medical applications of Biomagnetism, Computational Medicine, Computational Intelligence, Complexity Theory and Signal Processing with more than 200 publications in scientific journals and international refereed conferences.
