

Surname : SIOUNTAS
Name : ANASTASIOS
Father's name : ASTERIOS
Place of Birth : THEESALONIKI
Date : 04-01-1954
Address : THESSALONIKI, GREECE
Tel : +30+2310999253
e-mail : asiounta@auth.gr

I was graduated from the 5th Gymnasio Thessaloniki Greece, with the best mark and I was accepted by the Physics Department of the Aristotelio University of Thessaloniki (AUTH) as first student in Physics with the highest points that year (1972).

My post graduate studies were in Medical Physics and I was awarded the M.Sc. in Medical Physics from the University of Surrey (1979). I received my Ph.D. from the Medical School of AUTH (1991). I have had the license from the Health Ministry to work in hospitals as Medical Physicist since 1982 I am Professor Emeritus in Medical School of AUTH (2022) and I was the Director of the Medical Physics Lab 2013-2021.

I have been working in Nuclear Medicine labs from 1982 to 1996 in Hippokrateio Hospital and from 1998 since 2021 in AXEPA Hospital of Thessaloniki.

I have been teaching in Medical and Dentistry School for more than 39 years.

I teach the compulsory subject of Medical Physics and the subjects Introduction in Biomedical Technology, Environment and Health and Imaging in Radiology

I also teach the postgraduate students in the M.Sc. course in Medical Physics, the post graduate medical students in Radiology, Radiotherapy and Nuclear Medicine and the students in the M.Sc. course in Technics in Extra Corporal Circulation

I have participated in more than 65 congresses, seminars and meetings

I have given 30 lectures/presentations as invited speaker in these congresses

I was a member of the organizing committees in 20 congresses.

I am the author of 8 chapters in 5 medical books

I have written 68 articles in International journals, Greek journals, Congresses, Seminars and Meetings with h-index =10 and 784 citations.

I am/was the supervisor in 7 Ph.D.

I am/was a member of the three member assisting committee in 12 Ph.D.

I was a member of the seven member examining committee in 7 Ph.D.

I was the supervisor in 24 M.Sc.

I am reviewer in 2 Greek journals and member of 4 professional bodies.

I was coordinator in the project of measurements of the radioactivity in cereal (Archimedes III, 2012-14) and coordinator the project of measuring the electromagnetic fields in the vicinity of communication antennas in the Neapoli-Sykies area (2013-2015).

I was the scientific responsible for "Measurements in the vicinity of electric power transmission and distribution lines, in the vicinity of electric power system stations and close to electric installations" and for "Measurements in the vicinity of communication antennas, radio and television station antennas, mobile telephone base stations, microwave wireless network stations" (2012-2021)

As a Medical Physicist, I have written a great number of radiation protection assays and hazard reports for radiology and nuclear medicine departments. I have also performed many assays for the possible hazards of non-ionizing radiation.

I have been a member of the HAMP council for 20 years, 4 as the president (2004-2008).
